Hiring Manager

HiringThing

Dear Hiring Manager,

I am writing to express interest in the Javascript Frontend Software Engineer (Remote) position as shown on RemoteOK. I believe I am a good fit for this role due to my years of experience building web applications in Javascript and other languages.

Below you will find the qualifications that I believe fulfill your requirements.

Requirements	Qualifications
<ul style="list-style-type: none">• You are a Javascript/Front-End developer with a minimum 3 years of experience.• You have a strong sense of the customer facing tools like HTML/CSS/SCSS.• It is a nice bonus if you have experience configuring webpack and a familiarity with back-end technologies, specifically Ruby on Rails.• MySQL• AWS• Docker	<ul style="list-style-type: none">• I have 2 years of experience developing and implementing APIs in NodeJS at the OSU Open Source Lab• I have 4 years of experience developing web applications for OSU CWS and OSL• I have a year of experience developing Ruby apps at the OSL• Several years of experience at the OSL and personal projects• I started learning AWS a few months ago• I have 3 years of experience working with Docker at the OSL and in personal projects

I would welcome the opportunity to discuss this job and my qualifications with you. Thank you in advance for your time and consideration.

Sincerely,

Megan Goossens
